MEDIA INFORMATION

7 FEBRUARY, 2022

2022 INFINITI QX80 flagship SUV set to arrive in the Middle East with updated infotainment and fresh look

INFINITI's body-on-frame full-sized luxury SUV, the 2022 QX80, is set to go on sale in showrooms across the Middle East with a single, larger interior touchscreen and wireless smartphone charger to complement its opulent interior, across three enhanced grades: SENSORY, ProACTIVE and Black Edition.

The new 2022 QX80 has been significantly refined in 2022 with a revised center cluster featuring a single INFINITI InTouch 12.3-inch widescreen HD display that includes wireless Apple CarPlay and USB-based Android Auto compatibility for entertainment on the go. An all-new wireless smartphone charger is included along with a Bose® Premium Sound system.

A Smart Rearview Mirror is standard on ProACTIVE and Black Edition grades and can display a sharp view behind the luxury three-row SUV when engaged, even if cargo or passengers obstruct rearward vision inside. An Around View Monitor with Moving Object Detection and Front and Rear Sonar System is included to help make navigating tight parking spaces easier. Additional driver-assistance systems are available for the flagship SUV, including Intelligent Cruise Control, Backup Collision Intervention, Lane Departure Warning, Blind Spot Intervention, and Lane Departure Prevention.

Inside, the 2022 QX80 features leather or semi-aniline appointed seats in all three rows, with the option of second-row captain's chairs. Climate-controlled front seats are also available, as are Bose® Performance Series Audio with 17 speakers.

The new 2022 INFINITI QX80 continues with bold proportions and commanding exterior details such as available 22-inch alloy wheels, dark chrome accents, and chrome exterior accents.

At its heart, the 2022 QX80 is powered by INFINITI's 5.6-liter V-8 that delivers 400 horsepower and 560 Newton-meters of torque, paired to a 7-speed automatic transmission. Equipped with INFINITI All-Mode® Four-Wheel Drive as standard, the new 2022 QX80 is as capable and comfortable as ever.

The 2022 INFINITI QX80 offers a four-wheel independent, double-wishbone suspension for a calm and confident ride. The standard hydraulic Body Motion Control System provides a more refined ride and rear automatic self-levelling suspension is standard on all models for more confident towing.

The new 2022 INFINITI QX80 SENSORY includes leather-appointed seating in all three rows, 22-inch alloy wheels, a 12.3-inch INFINITI InTouch display, a Bose® 13-speaker premium audio system, a power liftgate and more.

The ProACTIVE grade builds on that with INFINITI's ProACTIVE safety package, Towing package, satin chrome exterior trim and more

The Black Edition grade (a GCC exclusive) includes 22" forged aluminum-alloy wheels with dark machined finish, as well as black and dark chrome exterior finishes including outside mirrors, front grill, side fender vents and more.

- END -
